Programme Structure

Course Overview

This course advances students' skills in strategic planning, leadership, and operations management. It prepares students for senior roles in the hospitality industry or further academic studies, focusing on sustainability, customer service, and business development.

Assessment Methods

Students will complete a portfolio of evidence, which includes a combination of 4 written assignments covering key topics within the hospitality and tourism industry.

Admission

Students must be 18 years or older and have a suitable academic background, such as a Level 4 qualification or equivalent. Non-native English speakers should meet a minimum English language proficiency level of IELTS 5.5 or equivalent.

Technical Requirements

Our platform is fully technology-driven; therefore, students will need a reliable PC, laptop, or tablet, or regular access to the aforementioned. Students will need a stable internet connection with sufficient data to access online resources and participate in programme activities.

Course Structure

1

Tourism Destination Management

30 CREDITS

In this module, students will develop knowledge and understanding of national and international tourist destinations, including the cultural aspects and characteristics of the local populations. Students will also examine current trends and their impacts, along with exploring selling techniques within the context of the travel and tourism industry.

2

Entrepreneurship in Tourism and Hospitality Management

30 CREDITS

This module provides knowledge and understanding of the skill set and characteristics of entrepreneurs within the context of the travel and tourism industry. Students will have the opportunity to analyse their own entrepreneurial skills in the start-up and development of an enterprise to achieve success.

3

Cultural Tourism Management

30 CREDITS

This module provides students with the knowledge and understanding of the cultural and heritage sector within the travel and tourism industry. Students will gain an in-depth understanding of the growth and development of this sector and explore the potential conflicts that could arise. The module also offers an opportunity to investigate the role and scope of the cultural and heritage sector and its impacts on management.

Course Structure

4

Research Project

30 CREDITS

This module is designed to develop students' skills in conducting independent research and inquiry into a chosen research topic. Students will explore various research techniques and methods, along with the key elements required to carry out successful research. The module also covers the theories that underpin formal research. Students are required to seek approval from their tutor before starting their research project.
